Symbol Ceremony

Since 1866, the Symbol Ceremony initiation has been performed for every member of the SAG organization. Upon a child's fifth birthday, parents shall bring their child to the SAG office of their board member representative or the headquarters office by special arrangement for the ceremony to be executed. New members that join the organization, above the age of five, will receive the Symbol Ceremony following their acceptance into the organization by the board.

In this ceremony the member is marked with the symbol that represents the SAG mission. The symbol is a circle with a line following around it in the direction of the top of the circle on each side, tipped with arrows pointing toward the completion of the circle from where they stopped. This inscription shall be placed behind the left ear just inside the natural hairline.

The symbol's circle represents the earth. The partial line around the symbol ending with arrows represents the endeavors of the SAG members moving forward to close the circle. Our goal is to close the gap when Earth is rejuvenated. We will then update our symbol to signal our organizational status as Earth guardians, maintaining rejuvenated Earth.

The SAG Symbol Ceremony is a tangible representation of a member's commitment to our mission. It ratifies the recipient as one of us, in duty, and camaraderie to their fellow members.

RECITATION

Our guides speak to us through our minds. The foundation of our intent and actions flourish from this point. The symbol of your commitment will be inserted inside your hairline behind your left ear, sealing your obligation to the SAG. After it is installed, the pictorial view is interpreted as 'I am a guardian of Earth guided by my ancestry.' Raise your right hand and repeat:

I believe and commit to the SAG mission,

And take my place willingly among its members.

We stand together in unity; one mission, one cause.
